Dr. A. C. Purdy
Bull and Roberts, Inc.
117 Liberty Street
New York 6, New York

Dear Dr. Purdy:

The final draft of the standard covering preparation of laboratory reports was recently received from the American Standards Association, and the initial distribution of this document to Bureau of Ships activities has been completed. The Bureau recognizes the contribution that has been made by each member of the working committee which made possible the successful completion of the project. This required many months of hard work both during committee meetings and in prior preparation of material for the discussions.

Your work as chairman of the committee and your background in the field of commercial laboratories has proven to be of great value in developing the laboratory report standard. The Bureau therefore wishes to take this opportunity of extending you its sincere appreciation for your part in this work.

Sincerely yours,

A handwritten signature in cursive script, likely of V. B. Cole, is written above the typed name.

V. B. Cole, Capt., USN
Assistant Chief of Bureau for
Research & Development (Acting)
